So sorry to read of James's death. We were cousins, (actually 1st cousins once removed). My mother Lula and James's grandmother Florence were sisters. My wife and I ran into James's father several years ago by chance in a restaurant in Dover. Unfortunately we didn't cross paths with James in recent years. I owned race horses for many years and would occasionally see him at the track in the past. Our condolences to all. Please remember me to James's sisters. I remember them coming to the beach house in OC as children. Cousin Dean Richardson.
