“ Robin is my sister. We had our moments over the years but when our mother died we became the closest we have ever been. Even if I didn't see her everyday, we talked on the phone. "Are you having Grilled cheese and tomato soup?" sarcastically, cause generally I was. I watched "50 Shades of Grey" the other night and I was supposed to call her afterwards, only I started to reach for the phone and remembered I can't. When we were kids her "Your gonna get in trouble!" or "Your gonna get caught!" Well I guess so when you tell on me Robin! (Chuckle) For awhile I wondered if she was psychic. "I didn't tell you to have all those kids, Jesus Christ, where are the days off for the rest of us who ain't got no kids!" when I called out from work for one of them, but if any of those kids needed she was there. I don't know what to write here. I feel so lost without her.
